

# JOIN US

**Adequate recreational facilities can often provide a key component in furthering the county's economic development and quality of life.**

Our Board of Directors truly believe in the undeniable power of strong partnerships and the ability of individuals to achieve great things when they are united in purpose.

The development of an exceptional recreation complex will require a significant amount of capital investment in order to come to fruition. For this first campaign, we have established a goal of \$750,000. Once this goal is met, the funds raised will be used to complete the property acquisition and begin the next phase of development. While any contribution will be sincerely appreciated, we hope you'll consider joining the Upshur County Recreation Complex Foundation Sponsorship Program.

For more information on joining, please visit the Foundation Sponsorship Program section at [upsherrecreationcomplex.org](http://upsherrecreationcomplex.org)
